

PROMOTIONISTS SEND MATERIAL TO TRAVEL CLUB

Noted Organization Among
Tourists Asks for Hawaii
Literature

Word has been received from the Travel Club of America that the members are anxious to learn more about Hawaii. The secretary has written A. P. Taylor, secretary of the Hawaii Promotion Committee, asking for a full list of literature on the islands.

This club has a large membership and is composed of members who spend most of their time in travel, and the local committee is forwarding a number of pamphlets on Hawaii. In addition to the literature being sent to this club the committee is sending out hundreds of the general programs for the Carnival number to a number of the steamship and railroad agents on the mainland who have become interested in Hawaii through their talks with Fred J. Halton, San Francisco representative of the Hawaii Promotion Committee.

Folders showing the game fishing life here, the points of interest and general information regarding Hawaii go out on the next mail. Since the visits of the members of the Hawaii Promotion Committee to the mainland, the local office has been in touch with the tourist bureaus and as a result many tourists have already booked passage.

PRICES HIGHER, LOCAL STOCKS ARE IN DEMAND

Further strength has appeared in the local stock market. Between boards the volume of business was considerably larger than for a few days past and at the session prices either held or advanced, advances being common.

Among the stocks displaying strength in the face of strike news may be mentioned Olan, which rose to and held at \$18.25, Waiatus at \$37, San Carlos at \$16.50 and Hawaiian Commercial at \$53. Hawaiian Sugar held at \$45, Pioneer \$41.75 and Olan rose to \$56. There were two sales of Honolulu at \$200 and Haku sold at \$245.

Transactions in unlisted securities were also larger. Dealings in Mineral Products amount to 3550 shares at 95 cents, 30 Engels Copper sold at \$2.50, 500 Mountain King at 60 cents, 100 Tipperary at 8 cents.

Sales of listed securities between boards amounted to 1550 shares and at the session to 165.

DOES YOUR DOG DODGE YOU IN THE MORNING?

Ever since you got up this morning you have been "right on edge?" You'll have to school yourself to better control.

Don't allow little things to annoy you so much.

Easier said than done? Yes, but if you let the everyday perplexities rule you you will be constantly "on edge."

Even the dog shuns you in the morning.

What do you suppose the children think of you by night?

First of all, get a few minutes by yourself and decide if you need a doctor or if it is a matter for your own soul to conquer. If you need more sleep, get it. If you have indigestion, try living more regularly and moderately.

If your health seems to be good and your mode of living is normal, and you still are out of sorts at every little thing, ask yourself if you are not too proud to acknowledge that circumstances are stronger than you are. It is only the weak who drop by the wayside. The man who wins is the one who "fights best" when the problem comes.

Success is mastery of self first.

LABOR UNIONS OF BERLIN ARE MUCH WEAKENED

Influence of War on Member-
ship Severely Felt By So-
cialist Organizations

BERLIN, Germany.—The membership of the Socialist labor unions of Berlin has been reduced more than half as a result of the war. On January 1, 1914, there were 301,986 members, and the number had fallen to 144,259 on January 1, 1916, a decline of 52 per cent. For the six months since elapsed figures are not available, but it is probable that further calls to the colors have lost not more than 40 per cent of the members at home.

The membership totals given include, however, a large number of female members, so that the decrease of men members was considerably greater than the percentages indicate.

The number of unemployed has declined steadily. Money support had been granted on January 1, 1915, to 15,334 but this total had dropped on January 1, 1916, to 2457. The greatest decreases in unemployment were in the case of book printers, woodworkers and metal workers.

The influence of the war on the unions' treasury is shown by the fact that, while there was a decrease of nearly five and a quarter million marks in receipts, the treasury balance increased some 330,000 marks in 1915 over 1914. This was, of course, due to the reduced calls made on the treasury. Striking items of difference were (in marks):

Kind of Support	1915	1914
Granted	4,061	895,105
For strikers	2,665	149,172
going punishment	639,538	5,450,430
Unemployed	190,234	1,648,578
Legal aid	8,957	42,608

The only increase was in the new item for support of wives whose husbands had been mustered in. This item aggregated 2,459,178 marks.

JAPANESE CHILD DROWNS, BODY IS FOUND IN DITCH

Hori Kiroki, a Japanese child, aged 2 years, was drowned this morning in an irrigation ditch on Puhiwa drive in the Nuanu district. The child had been playing about the yard this morning while the mother was washing clothes, and the body was not found by the mother until more than an hour after the child had fallen into the ditch.

About 8:30 this morning the child was with his mother, playing around the yard. More than an hour later, after the mother had completed her duties, she looked for the boy and after a search of 10 minutes found the child's body in four feet of water.

The mother immediately called Drs. S. Tokuyama and H. Ishima, but neither could give any assistance as the child was dead before taken out of the ditch. Both doctors stated the child had been in the water more than an hour.

25TH INFANTRY MESS HALL SCENE OF FAREWELL EVENT

Mrs. Dalbert P. Green, wife of Com. Sgt. Green of the 25th Infantry, preparatory to departure for the mainland was entertained recently. Mrs. Leslie King, wife of the chief musician, and Mrs. William Frederick, wife of the regimental color sergeant, were the hostesses. The affair took place at the Non-Commissioned Officers' Mess.

Mrs. G. W. Prioleau and Mrs. William Hanger, the former the wife of the regimental chaplain and the latter the wife of the mess steward, were specially invited guests. Others present were:

Mrs. Charles H. Barbour, Mrs. E. Reynolds, Mrs. John Wynn, Mrs. G. Overby, Mrs. C. H. Austin, Mrs. W. B. Proctor, Mrs. S. G. Barnes, Mrs. W. Page, Mrs. John B. Kemp, Mrs. C. W. Owens, Mrs. John F. Owsley, Mrs. J. E. Brown, Mrs. Henry Davis, Mrs. Landon Jackson, Mrs. James Hollingsworth, Mrs. Emmett Hawkins, Mrs. John G. Howard, Mrs. Alice Oliver, Mrs. William Wheeler, Mrs. W. Landertback, Mrs. J. R. Campbell, Mrs. Mary Knew, Mrs. S. Cobb, Mrs. W. Emerson, Miss Annie Smith and Mrs. Samuel Davis.

The messrooms were beautifully and artistically decorated for the occasion. Lovely ferns of many varieties were in evidence, as was "Old Glory."

The presence of the United Spanish War Veterans' camp colors lent special significance to the occasion.

The services rendered by Sgt. James Smith, the mess president; Sgt. Vick, its treasurer, and William Hanger, the steward, were considered invaluable.

PRESIDENT WILL DEDICATE GREAT IRRIGATION DAM

Valleys of New and Old Mexico
to Benefit From Big
Project

EL PASO, Tex.—When President Wilson touches the golden key which will start the waters of the Rio Grande flowing through the spillways of the great Elephant Butte dam on October 14, he will "bring in" 200,000 acres of fertile lands in the chain of valleys in New Mexico, Texas and Old Mexico. The first meeting of the twenty-third International Irrigation Congress will be held at the dam dedication and followed by sessions in El Paso, October 16, 17 and 18.

The Elephant Butte dam is a mass of concrete and steel thrown across the Rio Grande on the desert of New Mexico at the point where a great rock, formed like the head and body of a mastodon elephant, seems to drink from the Rio Grande. This giant impounding dam has formed the largest irrigation reservoir in the world. More than 45 miles in length and eight miles across, the lake stores the melted snows of the Colorado mountains and these life-giving waters are allowed to flow through the spillways of the dam when the land needs moisture for the growing season, thus causing the desert acres below the dam to blossom and bear fruitage.

"The dedication of the Elephant Butte dam by President Wilson on October 14 will be an event of world-wide importance in the irrigation field," states James G. McNary, president of the First National Bank of El Paso and chairman of the board of control of the irrigation congress. "It will mark the reclamation service's greatest achievement. It will reward the pioneer men and women of the lower Rio Grande valley from Albuquerque to Old Mexico, and it will justify the faith of the people of the Southwest who have staked their all on the fertility of the soil and the ability of the project to carry the waters to the lands when most needed. Above all, it will be a perpetual monument to the irrigation congress, which has been conducting a great empire-building campaign for the past 25 years."

"We anticipate that President Wilson will be accompanied by several members of his official family, including Franklin K. Lane, secretary of the interior, and probably other members of his cabinet; A. A. Jones, first assistant secretary of the interior; Judge Will R. King, chief counsel, and other members of the reclamation service."

KING AND ALAKEA STREET CORNER REPORTED SOLD

Reports of a pending real estate deal for a valuable business corner on King street are current. The property in question is situated at the corner of King and Alakea streets, fronting on King street and directly opposite the Kaplani building on that street.

One report heard was to the effect that a sale of the King and Alakea streets corner had been completed, but when the broker who is credited with having handled the transaction was seen he intimated that the deal was still pending and said it had not yet reached the stage where he could give out any details in regard to it.

OFFENSE CHARGED NOT PUNISHABLE, BOARD FINDS OUT

A city police officer may be guilty of conduct unbecoming an officer and a gentleman and the Civil Service Commission can do nothing about it, not even reprimand him. Sheriff Charles H. Rose pointed that out yesterday at the hearing of Theodore Ferdinand and Sam K. Ferreira.

Chung Loo Shee, wife of a restaurant keeper, charged the two officers with arresting her without a warrant and humiliating her by forcing her to ride through the streets in a patrol wagon because she charged them for butter one night when they were eating in her place—"conduct unbecoming an officer and a gentleman."

Sheriff Rose, who acted as attorney for the men, let the case run on until it came time for a decision by the commission. Then he read the regulations of the commission. They contain no provision for discharging, fining or reprimanding a member of the force on the charge made against the men on trial.

The case was dismissed.

TWO EXCURSIONS FOR NEXT SUNDAY ARE ANNOUNCED

Completing its August schedule of trips, the Trail & Mountain Club will conduct two motor-bus excursions this Sunday, August 27.

At 8 o'clock sharp the two big buses will leave the Pan-Pacific rooms at the corner of Fort and Merchant streets, one for an island-encircling trip, and the other for Kaneohe bay, and both will return to Honolulu before 6 o'clock that afternoon. On the round-the-island trip stops will be made at Haleiwa, Haula and the historic valley of Waimea, and a competent "information man" will be along to answer all questions. This excursion will cost \$1.75.

The trip to Kaneohe bay and the coral gardens is expected to be an enjoyable one, and already most of the reservations have been taken up. The excursionists may be taken out in the glass-bottomed boats to view the wonderful coral beds and "painted" fish, and bathing suits and lunch may either be taken along or secured at Kaneohe Hale. The cost of the trip will be \$1.75.

To make reservations for either of the above excursions the Trail & Mountain Club (phone 2959) should be immediately communicated with.
